

WORLD HEALTH
SOVEREIGNTY SUMMIT

*What happens
when we bring together
enlightened leadership with
truthsayers, activists and
living men and women
of the living soil?*

one world - one humanity

In June of 2019
the largest gathering of regional Kings in modern history
took place at the NewEarth Haven
in Bali - Indonesia

They were joined by dignitaries & cultural leaders
from Africa, USA, Middle East & Asia
as well as spiritual and multi-faith
leaders from across the globe

A historic turn-out of the Balinese High Priests
officiated the ceremonial blessings

International frontline activists,
& advocates for human-rights & natural justice
joined with justices, law commissioners
& people from all nations

To celebrate humanity....

BY STANDING AGAINST ECOCIDE & GENOCIDE

*As the world we inherit
emerges from historical transgressions,
it has become the onus of our living generation
to transmute the status-quo into a higher expression.
Initiatives taken by Humanitad, NewEarth Project
and the International Tribunal for Natural Justice
seek to restore our civilisational expression
with the elevation of art, beauty,
and consciousness*
